Energy Expert

- 3,300,000 customers seek our support energy usage and electrical service matters
- We oversee a \$55MM Energy Efficiency Program which reaches over 7,500 customers each year
- Energy Efficiency customers are often strong candidates for Renewable Energy

Current DG Installations

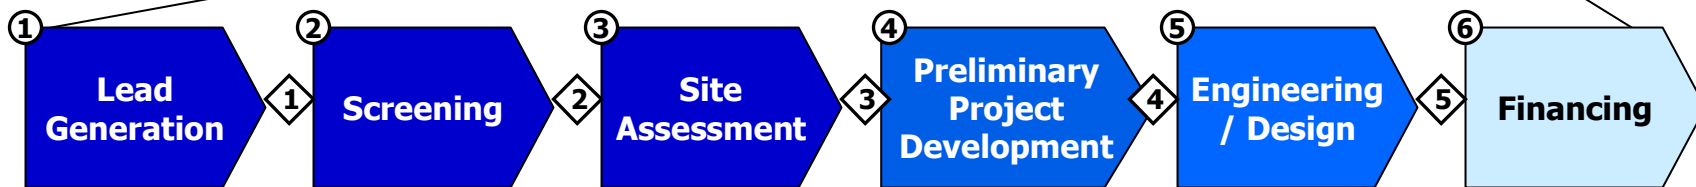

- » 452 DG Units Currently On-Line
- » 150 DG Projects Commissioned in 2007
- » 78% were PV Projects

Current Activities

- » Strategic Assessment of Local PV Industry
- » Evergreen Solar
- » Solar 2007, Long Beach, CA
- » SEBANE
- » Role for Solar Thermal

PV Industry Value Chain

Simplified PV Value Chain

Moving Forward

- Market Development
- Educational Tool Development
- Internal Systems, Processes, Organizations
- Coordination with Commonwealth Solar
- Energy Efficiency / Renewables / Demand Response Synergies
